ASSURE SAFE USE OF BIOCIDES.  
ALWAYS READ LABELLING AND PRODUCT INFORMATION PRIOR TO USE!

With today's fast-paced working, family and leisure life-styles, the drycleaner of choice recognizes the need to provide a **top quality Shirt Service**, in addition to all your other services.

An efficient, well planned shirt operation using equipment and products specifically designed for shirts, will make a profitable addition to your business.

**SEITZ** shirt products, both liquid and powder, have been scientifically formulated to achieve optimum results.

**Results that make a difference!**

**Perfect cleaning at temperatures as low as 110 °F**

**NO  SCRUBBING**

**of collars and cuffs**

For best results the liquid products should be accurately and automatically injected.

Contact our technical sales staff for individual solutions, system features and more information.

## Powerful Liquid Products

### VIVA POWER FLUID

#### Viva Uni

**Viva Uni** is suited for all kind of whites and colored textiles made from cotton or mixed fabrics. The product has a very high stain-solubilizing power and can be used in all machine systems.

#### Viva Pris

**Viva Pris** has been developed mainly for washing white and colored textiles made from cotton and mixed fabric. **Viva Pris** enables quick fiber swelling without aggressive alkalis. The product has a high dispersing capacity for pigment soil and an excellent complexing capacity in the case of heavy metals like iron, manganese and copper.

#### Viva Sol

Completely built laundry detergent for effective soil removal. Suitable for whites and colored fabrics.

#### Viva Oxy

Strong oxidizing bleach for safe stain removal on all kinds of colored and white fabrics.

#### Viva Combi

**Viva Combi** is suited for all kinds of textiles. The product has an outstandingly high solubilizing capacity on grease-bound and pigment soil, very good wetting and emulsifying properties and a highly active enzyme for elimination of albuminous soiling. **Viva Combi** can be used in all machine systems.

#### Viva Starch

Special liquid sizing with added fragrance for that fresh, crisp feel.

#### Wetset SI

Concentrated, water-soluble sizing agent for all kind of textiles with built-in sour and fresh fragrance

#### Viva Oleo

Wash booster with powerful wetting and grease-solubilizing properties for all kinds of textiles.

#### Viva Syntho

**Viva Syntho** is suited for all kind of textiles. The product has an exceptionally high solubilizing capacity on all non-saponifiable oils and greases such as mineral, synthetic and silicon-based oils. It also offers excellent wetting and emulsifying properties. **Viva Syntho** can be used in all machine systems.

#### Viva Acet

**Viva Acet** is a concentrated neutralizing agent based on citric acid and is used in the last rinse. The product is suited for all machine systems.

## Powerful Powder Products

### MEGA POWER POWDER

#### Mega Pur

Efficient, completely built wash detergent with strong soil-removing properties, suitable for whites and colored garments.

#### Mega Color

**Mega Color** is suited for colored, pastel colored and all delicate textiles which can be treated at temperatures from 85 °F to 140 °F. Mega Color does not contain optical brightener nor bleaches and can be used in all machine systems.

#### Mega Oxy

For additional oxidizing bleach action, resulting in brilliant whites and bright colors.

#### Mega Power

**Mega Power** is suited for all kind of white and colored laundry made from cotton and mixed fibers. The product has an outstandingly high stain-solubilizing power and can be used in all machine systems.

#### Mega Starch

Designed for use on all fabrics to give a smooth, firm finish.

**SAVE ON TIME! • SAVE ON ENERGY! • SAVE ON MANPOWER!**
