Viva Oleo®

**EFFECTIVE —
— AS LOW AS 86°F**

The Unique Ecological Grease Solubilizer

A milestone in oil and grease stain-removal: economic, exempt from allergens and suited for all kind of textiles

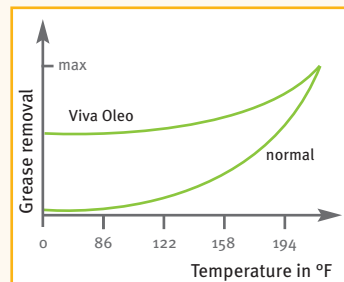

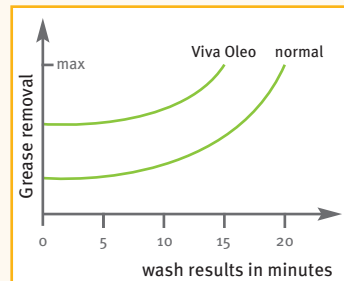

Viva Oleo®

eliminates any kind of grease- and oil-bound stains and ...

The up-to-date customer attaches great importance to individual apparel and outfit. This is the reason why more and more colored and dark-colored textiles are used in industrial fields where only easy-care white textiles had been used for example in kitchen wear. Their cleaning and caring has been and still is a challenge. Despite the same type of stains as those in white textiles, colored textiles need particularly care to avoid damage to color and fabric. Whilst in the past solvent-based detergents and auxiliaries containing citrus terpenes could often be used, this is no longer possible due to European legislation. Especially in oil and grease stain-removal, innovative and ecological new concepts are in demand.

... is highly active in applications within the whole temperature range

The SEITZ Research & Development Team has succeeded in developing a unique ecological grease-solubilizer free from solvent, citrus terpenes, nonylphenoles or hazardous ingredients which removes all kind of grease and oil stains at temperatures as low as 86 °F.

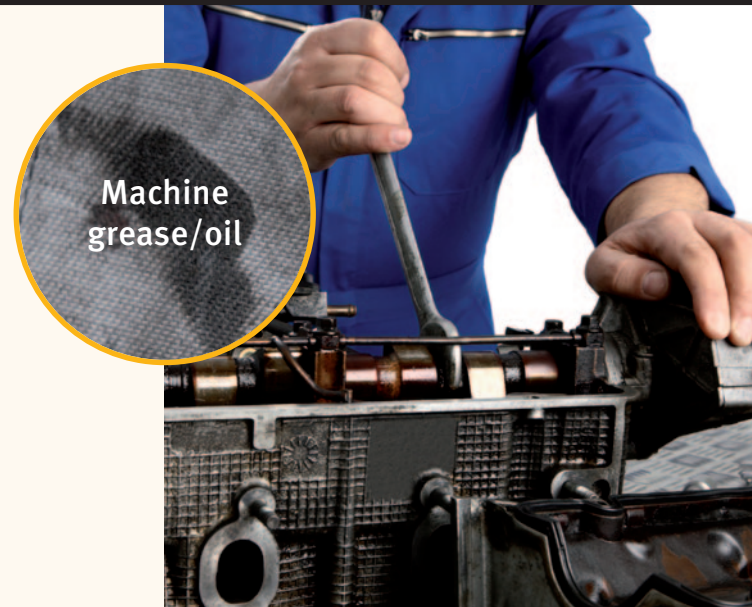

Viva Oleo® is a highly concentrated booster which completely removes oil- and grease-bound stains from the fabric at low temperatures. Due to reduction of the process temperature, you will save energy and eliminate the cool-down cycle.

The treatment with **Viva Oleo®** will not cause any damage to the fabric, color or nature of the textile goods. The proportion of textiles to be re-washed is reduced to a minimum saving you water, time and energy. You will economize resources, take care of the textiles and extend the life-time of your equipment.

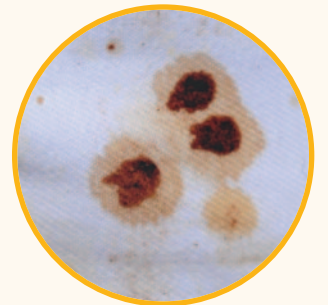

No matter whether you want to combat natural oils or grease or remove mineral and silicon oils from the textiles:

Viva Oleo® is the solution!

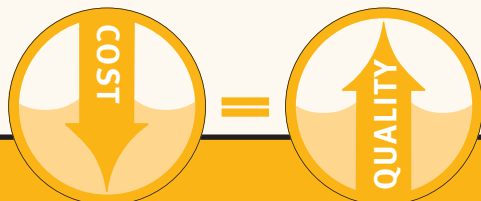

Viva Oleo®

The allergen-free, unique, powerful, low temperature Grease-Solubilizer from SEITZ

EFFECTIVE — AS LOW AS 86 °F

- **Viva Oleo®** offers enormous performing action at low temperatures and thoroughly but gently removes all kind of grease- and oil-bound stains, regardless of whether you are treating kitchen laundry, work wear or laundry from hotels, gastronomy or wellness areas.
- **Viva Oleo®** is suited for all kind of white and colored textiles – starting from flat linen to blue suits – regardless of whether made from polyester or cotton.
- **Viva Oleo®** supports without “much ado” the removal of many other stain substances and, in this way, improves the total quality of the wash results with lowest detergent input.
- **Viva Oleo®** is free from phosphates, chlorine, APEO, EDTA and NTA. It complies with the requirements of the Detergents Regulation (EC No 648/2004) and is largely biodegradable.
